

## Nosam Kennels Puppy Purchase Information

### HOW TO JOIN A LIST

1. Submit the puppy application! Once approved fill out & submit the Contract
2. Place a Non-refundable deposit toward the litter of your choosing.

Once we receive your deposit and contract, we will place you on the list of your choice immediately and you will then begin receiving important weekly video and information updates once the pups are born!

### PRICE

A responsible breeder will always do what's best for their dogs and their clients. In order to provide healthy, well bred puppies, we have invested large amounts of money into our program. This would include health testing each dog, building a breeding facility for the dogs to live in, time and money spent on training & titles, and we feed high quality food. We do everything we can to provide the best possible and we support your life of your pup.

All this investment reflects the pricing of our puppies.

Vizsla's are \$1,600-\$1,800  
Weimaraners are \$1,400  
German Shorthaired Pointers are \$1200

### DEPOSITS

Non-refundable Deposits are \$600 & come off the total price (Doesn't include Paypal fees)

Deposits are collected via Paypal! No Checks or Money orders accepted!

#### **If using Paypal**

let us know you'd like to use Paypal. **DONT SEND VIA FRIENDS AND FAMILY!**

Note: PayPal does add a 3.5% fee to all transactions to the total deposit of \$621

Email us to get the deposit invoice!

## WHAT IS INCLUDED WITH YOUR NOSAM PUPPY?

### HEALTH TESTING

All of our dogs have been screened for at least hip dysplasia before being bred to ensure they are free and clear of OA. We are currently using PENNHIP to screen our breeding stock for Hip Dysplasia. OFA, UC Davis or Embark will be used for further testing. Each breed has various different requirements for testing. You can check the dog's individual pages to see their results!

## HEALTH WARRANTY

Each puppy comes with a 7-day health warranty against disease & a 24-month warranty against hips, elbows, eyes and thyroids! Please read over the contract to obtain information on the full written guarantee.

## REGISTRATION

All puppies are sold on non-breeding AKC registration. Each puppy will be individually registered with American Kennels club into the buyer's name at pick up. We do this with the AKC breeder online EZ-registration and all registrations will be prepaid

## MICROCHIPPING

A collar tag isn't enough. If your dog's collar breaks or its collar tag falls off or becomes illegible, a microchip permanently identifies your pet to help your pet get back to you if it is ever lost or stolen. All puppies are microchipped and enrolled in AKC Reunite before they leave our home. AKC reunite microchipping is included in the price of your puppy. Nosam Kennels will be added as alternative contact in case, for some reason, you cannot be contacted.

## WATCH YOUR PUPPY GROW

Weekly watch your puppy grow updates! Includes video's, professional quality photo shoots and developmental information so you can be a part of the puppy rearing process. This program allows each buyer to get an in-depth look at our program and helps to provide a more informative puppy selection process. We try to fit in as many photo shoots and video's as we can.

## PUPPY CULTURE RAISED

Nosam Kennels is proud to offer Puppy culture raised puppies!

Puppy Culture represents a gold standard in puppy rearing and early socialization. Puppy Culture is a program used by Breeders and Puppy owners, all over the world to improve the lives of their puppies and to limit behavioral issues by helping puppies to cope with and move past things that would otherwise cause issues as adults. Please check out our PC page for more information!

## VACCINATIONS, DEWORMING AND VET CHECK

Puppies will come with first set of vaccines before leaving our home. Each puppy will be kept UTD on a vet grade deworming schedule to ensure they are parasite free throughout their development. We will also cover proper deworming protocols, provided with flea preventives so they go home flea free and will have had at least one vet check with our vet prior to leaving. Documentation will be provided for each puppy!

## PUPPY CARE DOCUMENTS

We will provide reading material with each developmental update to help better prepare you for your puppy. This includes feeding and nutrition information, training tips, breed tips, puppy check lists and more!

## OBEDIENCE TRAINING

All of our puppies are raised by a certified dog trainer. Therefore, we will begin basic obedience skills with our litters to help send our puppies home off to the right start. Puppies will begin potty training and crate training as well!

We also offer lifelong obedience tips and advice! Notice: We are seeing a trend in "Obedience training" being offered with puppies by other breeders. Please ensure the breeder/trainer offering this training is actually "certified" to train your puppy! Otherwise you're just paying an extra fee for no training! I am actually certified and you can see my certification on the about me page.
